

Recycle Your Electronics and More, FREE!

SATURDAY, APRIL 22 - 9 A.M. - 5 P.M.

Here's your opportunity to start some spring cleaning! Simply visit our drive-thru drop-off located in the Devonshire mall parking lot where you can recycle your electronics, household items, old medication and more.

Then, come visit us in front of Purdy's Chocolatier to learn more about local programs and sustainability and clean energy generation with renewable solar energy.

Unifor Local 444 Canada Community Services Committee

The Community Services Committee of Unifor Local 444 collects used bikes from the community, refurbishes them, and gives back (through schools in our community) to local children who would not be able to have one otherwise. Our Committee has been dedicated to this project for over 10 years and has been able to give hundreds of bikes back to kids in Windsor-Essex County. This project helps to recycle used bikes, encourages a healthy lifestyle and establishes the freedom of transportation.

Outdoor Recycling Items:

Bikes

Computers 4 kids

CFK is a registered charity that accepts computer and electronics donations year-round at our facility. We provide free computer placements to families that qualify. Equipment collected is refurbished, where possible, and distributed to lower income families or non-profit organizations. The proceeds from any equipment that is sold are directed towards funding local charitable programs. Equipment which cannot be refurbished will be properly recycled within Canada using safe processing methods.

Outdoor Recycling Items:

Desktop computers
Portable computers
Computer peripherals -
i.e. mice, keyboards, webcams etc.
Monitors
Televisions

SATURDAY, APRIL 22 - 9 A.M. - 5 P.M.

Crime Stoppers

Crime Stoppers is a civilian run charitable program, that allows members of the community an opportunity to provide anonymous information to help police solve crime. Money collected from shredding will be donated to the Windsor & Essex County Crime Stoppers to pay our tipsters. Local dollars solve local crimes! We are the only charity committed to solving crime in our community!

Outdoor Recycling Items:

First Stop Services - Paper Shredding

Shred your documents and other files for \$8 per banker box. Please remove file folders, elastics, clips, CD's and non-paper items otherwise a \$5 surcharge will be added per box.

Take Back Your Drugs Day - Dispose of unwanted or expired medication safely.

Green SunRising

Learn more about sustainability and clean energy generation with renewable solar energy, including solar technologies, solar PV for electricity generation and solar thermal for solar heat (e.g. water heating). Consider solar systems for your own home and business.

Outdoor

Take a look at our off-grid solar bike port and solar bench located outside the mall in front of TD Bank. See clean transportation with one of our electric cars on display.

Indoor Display

Come visit us to see solar PV and solar thermal with operating systems and demo units, many reference systems, and see how electricity for transportation can be generated from the sun.

Habitat for Humanity | ReStore

Habitat for Humanity Windsor-Essex has been building homes and building hope in our community since 1994! We would like to encourage everyone to support this effort by bringing your unwanted, resalable building and renovation supplies, tools, appliances, furnishings and household items to the Habitat for Humanity Windsor-Essex drop-off located at Devonshire Mall on Saturday, April 16.

Outdoor Recycling Items:

SATURDAY, APRIL 22 - 9 A.M. - 5 P.M.

Society of Saint Vincent de Paul

For over 120 years, Society of Saint Vincent de Paul has helped the needy in Windsor and Essex County. Today, with the help of public donations, SSVP works "green" magic in our resale stores and Society Shoppe for the benefit of our community. Donations of gently used clothing, household goods, furniture and electric appliances are sorted and prepared for resale by employees and volunteers. Clothing items that are unsuitable for resale are baled and sold to distributors of goods in third world countries. Cords are stripped for their metal which in turn is recycled. Bicycles are sent to volunteers for refurbishing and either sold to the public at affordable prices or given to those in need. The ultimate goal for SSVP is to find a prudent use for all donated goods therefore eliminating waste.

Money generated through the sale of donated goods in the five area Society Shoppe locations is used to support its many charitable projects. Society Shoppe is the only resale charity to provide those in need with a store voucher so they can shop at no cost. "We truly are a one-stop charity for the needy," says Alexis Baksi, General Manager. "When people call asking for help, we are able to provide not only food, but assistance with clothing and furnishings thanks to our generous donors."

Indoor Display

Visit our booth for educational materials and services.

Outdoor Recycling Items:

Gently used clothing • Accessories • Shoes

Recycling Makes Cents

Recycling Makes Cents was started in 2006 in a small industrial building. Zack Hakim (owner) had an idea about recycling large volumes of cardboard and paper and rebating customers for their recycling efforts. Within a few years, this idea grew so that the company had to move to its present location and to expand into other material as their customer base grew.

Since inception, the company has had to increase staff and equipment to keep up with customers' needs and they are always researching different materials to recycle. Recycling Makes Cents offers to recycle management to both the private and public sectors and services residential, commercial and industrial customers within Windsor & Essex County.

We provide:

- Custom designed recycling programs
- Green team development
- Industrial, commercial and residential customers welcome
- Incentive programs and promotional offers
- Equipment sales and service
- Easy in and out payment
- Pick up service is available
- Registered used tire collection site
- Bin rentals
- Certified document shredding
- Open to the public with a public scale cardboard and paper

Outdoor Recycling Items:

Tire recycling; bring your old tires (any size and off the rim) • Metal recycling • Batteries • Paint
Old magazines and books.

- View images and samples of native plants

Essex-Windsor Solid Waste Authority

**Essex-Windsor
Solid Waste Authority**

EWSWA is a municipal agency created by the County of Essex and the City of Windsor to provide waste management programs and facilities for the residents and businesses in the County and the City. We're here to help residents and businesses of Essex-Windsor recycle their household waste and put less trash on the curb. Stop by and visit us to learn about curbside recycling collection, public drop off depots and transfer stations, disposal of hazardous waste and electronics, our public education programs and what's new.

SATURDAY, APRIL 22 - 9 A.M. - 5 P.M.

City of Windsor

City of Windsor is implementing a Community Energy Plan that is a comprehensive long-term community-wide plan aiming to improve energy efficiency, reduce energy consumption and GHG emissions developed within the context of the built environment, land use planning, growth planning, and generation and transmission infrastructure. The Community Energy Plan (CEP) will result in a comprehensive energy plan that fosters a culture of conservation, considers the impact of future growth and options for local clean energy generation, and supports economic development by better meeting local energy needs.

Indoor Display

Visit our booth for educational displays outlining the status of our Community Energy Plan, an energy bike, waste water education and giveaways.

ERCA Essex Region Conservation

Since 1973, the Essex Region Conservation Authority has served as a community-based organization dedicated to protecting, restoring and managing the natural resources of the Essex Region.

Indoor Display

Visit our booth for educational materials, services and free swag.

École secondaire de Lamothe-Cadillac

École secondaire de Lamothe-Cadillac is one of the three schools of the Conseil scolaire Viamonde in Windsor Essex county. Students from grade 7 to 12 have formed an environment club whose mission is to inform and raise awareness among our school community about environmental issues and global warming.

Indoor Display

Visit us to calculate your environmental footprint, play games, see the exhibition that the students have prepared on different topics and find out how simple acts can help reduce our impact in the world.
